👤 PROFILE

As a highly motivated final-year Computer Engineering student, I have gained 8 months of practical experience working as a frontend developer. I have a genuine passion for my field, and I am fully committed to continuously improving my skills and knowledge. During this time, I actively contributed to the development of impactful projects, further developing my skills in web development and gaining a solid understanding of JavaScript, Next.js, React, Vue.js, and MongoDB. This experience has allowed me to refine my problem-solving abilities, collaborate effectively within teams, and consistently deliver high-quality solutions in a fast-paced environment.

🎓 EDUCATION

Computer Science (English), Warsaw University of Technology, Warsaw-Poland

February 2023 — July 2023

Studied as an Erasmus student at the Warsaw University of Technology, further enriching my global academic experience and acquiring new skills and joining group projects.

Computer Engineering (English), Mugla Sitki Kocman University, Mugla-Turkey

September 2020 — Present

Initiated my journey with Computer Engineering after successfully completing the English preparatory class, positioning myself within the esteemed engineering faculty.

English Prep-Year, Mugla Sitki Kocman University, Turkey

September 2019 — June 2020

Engaged in a rigorous year of English preparatory studies, which paved the way for my subsequent academic pursuits.

★ EXPERIENCE

MAVA Yazılım Frontend Intern

July 2023 – October 2023

Collaborated with developers on real-world projects using technologies like Vue.js and Tailwind CSS.

Gained hands-on experience in building responsive and user-friendly web applications.

Get Software - Frontend Developer

October 2023 -

Working as a frontend developer with other developers and using Next.js, React and Tailwind CSS to develop responsive, user-friendly, modern and up-to-date web applications.
