PROFILE

As a motivated and ambitious fourth-year Computer Engineering student, I have a genuine passion for my field, and I am fully committed to continuously improving my skills and knowledge. I am highly motivated to expand my knowledge base, and I am enthusiastic about acquiring new skills, including learning new programming languages. Over the past 2 years, I have dedicated myself to studying web development and have gained a solid understanding of various web technologies, particularly JavaScript, Next, React, Vue and Mongo. I have been working as a frontend developer for 8 months.

EDUCATION

Computer Science (English), Warsaw University of Technology, Warsaw-Poland
February 2023 — July 2023

Studied as an Erasmus student at the Warsaw University of Technology, further enriching my global academic experience and acquiring new skills.

Computer Engineering (English), Mugla Sitki Kocman University, Mugla-Turkey
September 2020 — Present

Initiated my journey with Computer Engineering after successfully completing the English preparatory class, positioning myself within the esteemed engineering faculty.

English Prep-Year, Mugla Sitki Kocman University, Turkey
September 2019 — June 2020

Engaged in a rigorous year of English preparatory studies, which paved the way for my subsequent academic pursuits.

EXPERIENCE

MAVA Yazılım Frontend Intern
July 2023 – October 2023

Collaborated with developers on real-world projects using technologies like Vue.js and Tailwind CSS.

Gained hands-on experience in building responsive and user-friendly web applications.

Get Software - Frontend Developer
October 2023 -

Working as a frontend developer with 3 other developers and using Next.js and Tailwind CSS to develop responsive, user-friendly and modern and up-to-date web applications.
